Storyboard Planning Sheet

A storyboard planning sheet consisting of six empty, rounded rectangular panels arranged in a 3x2 grid. The panels are connected by a central vertical blue bar and horizontal bars, forming a cross shape. The background features a stylized globe with green continents and blue oceans. Six blue curved arrows indicate a sequence of steps: starting from the top-left panel, moving right to the top-right panel, then down to the middle-right panel, left to the middle-left panel, down to the bottom-left panel, and finally right to the bottom-right panel.
