

NEW YEAR POEM AND WRITING ACTIVITY

**Predictions  
and GOALS!**

BY Panicked Teacher  
PANIC NO MORE!

## What IS A NEW YEAR'S RESOLUTION?

Out with the old, in with the new. In **2013** I will have plenty to do!

I wonder what will this year have in store?

I know I can fulfill my **dreams, goals** and so much more.

I will not sit back and be my own **opponent**,  
I will work hard this year and will have many precious moments!  
What troubles am I having? There must be a solution,

I will **ponder** and think hard about some new resolutions!

What is a **resolution**?

It is a change or something I need to stop.  
What will I need to do to reach that mountain top?

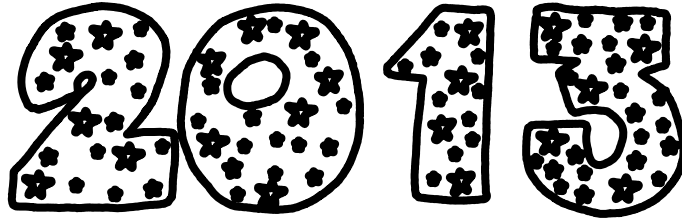

So, think about what you want to **improve**.

If you want to better yourself, you have nothing to lose!
